Dear customer,

Thank you again for working with us. This document sets out the fees that you may have to pay during the term of your mortgage. These fees may change in the future in line with your mortgage terms and conditions. We will let you know well in advance if we need to make changes to our fees. We strive to make our fees and charges easy for you to understand. Our fees fully reflects the initiative's good practice principles. This same document is being used across the industry to help customers compare mortgages.

Your main fees, for example your acceptance fee, are listed in your Pre-credit terms. The below fees are charged under extraordinary circumstances, such as when you miss your loan payments. If you have any questions, please do not hesitate to contact us.

Other fees	
Early repayment charge (if you change your mortgage)	You may have to pay this if you switch mortgage product or lender before your minimum interest period. In this case, the minimum interest period will be charged (e.g. 4 months of interests).
Partial release of property fee (Part sale of your property fee)	You must pay this fee if you want to remove part of the property or land from the mortgage. It covers administration costs, including sealing the relevant legal deed and issuing letters of consent. The fee is for considering your request, and you must pay it regardless of the outcome. This fee is £130.
Consent to let fee (Approval of proposed tenancy)	If you want to let your property but don't have a buy-to-let mortgage, you'll pay this fee for each 'consent to let' agreement, where we agree to letting out your property for a set period within the term of your existing owner-occupier mortgage. This fee is for considering your request, and you must pay it regardless of the outcome. This fee is £50.
Giving you a mortgage reference	We charge this if another lender asks us for a mortgage reference, such as how you have managed your mortgage account with us. We will only supply a reference if you have given us permission to. The fee will usually be paid by the lender and it is £50.
Deed of postponement fee	A deed of postponement is a legal agreement between two lenders that sets out the order they will be repaid in. We will charge this fee if you ask us to allow another lender to add another legal charge to the property ahead of ours (meaning they will be paid before us). The fee is for considering your request, and you must pay it regardless of the outcome. This fee is £50.

Unpaid ground rent or service charge fee	We will charge this fee if we have to deal with your freeholder to pay arrears of your ground rent or service charges. We'll also add to your mortgage account the cost of the unpaid ground rent or service charges that we have paid on your behalf. This fee is £100.
Buildings insurance charge	Your property must have buildings insurance. If your building is not adequately insured, we will arrange temporary cover until you provide the evidence we need. This fee varies.
Transfer of equity fee	We will charge this fee if we are asked to transfer the ownership of your property into a different name. The fee is for considering your request, and you must pay it regardless of the outcome. This fee is £50.
Consent for another lender fee	We will charge this fee when we are asked to give permission for another lender to arrange a second mortgage on your property, and you must pay it regardless of the outcome. This fee is £50.
Approval of easements and rights of way fee	We will charge a fee for considering and reviewing easements or rights of way. There may also be an additional deeds-handling charge. The fee is for considering your request, and you must pay it regardless of the outcome. This fee is £50.
Additional charges	We may need to charge an administration fee for additional work, not listed in this tariff, which you ask us to do. We will tell you in advance if there is to be a charge. If you would like more information on the work covered by these charges, please contact us.
